The payment card used for your booking online must be presented at the station agency at the pick-up time. The surname and first name of the cardholder should be the same as the surname and first name of the driver as defined in Article 2 b) Who can drive the Vehicle.

If You benefit from a discounted rate, You should automatically provide proof of this at the station agency. In the absence of proof, Europcar cannot guarantee the application of the discount to Your booking.

When You pick up the Vehicle the Hirer You will be asked to sign, among other things, a section of the Rental Agreement that describes the Vehicle’s condition at that particular time.

If You notice any apparent defect or Damage that is not described on the Rental Agreement then You should ensure a note is made on the document and that both You and the Europcar agent sign the change made to this section.

For tourism vehicles only, where it is not possible to check pre-existing damage to the Vehicle and any Accessories at the time of pick-up, a grace period allows You to notify the pick-up station of any such damage:

- If the vehicle is picked-up before 8:00 pm: You must notify the pick-up agency of any such damage within 2 hours of the start of the Hire Period;
- If the vehicle is picked-up after 8:00 pm: You must notify the pick-up agency of any such damage before 10:00 am the next morning.

In compliance with the above conditions and outside the opening hours of the agencies, you must report this damage by email, reservas@europcar.com, specifying your contact details, vehicle registration, the number of your rental agreement, the description of the damage(s) and attach photographs of the damage(s).

Failure to request the above mentioned notice for this additional apparent defect or Damage, Europcar is entitled to assume that You have accepted the Vehicle in the condition set out on the Rental Agreement and to charge You for any new Damage that could be noted by You and the Europcar agent when the Vehicle is inspected at the time of its return.

11) WHAT PROCEDURES ARE BEING APPLIED WHEN RETURNING THE VEHICLE?

a) Return of the Vehicle during opening hours of Europcar's station

You should return the Vehicle to the Europcar station, at the latest, on the date and at the time shown on the Rental Agreement. You may return the Vehicle to another Europcar station for the cost mentioned on the Recommended Tariff document attached to your confirmation e-mail if you made the reservation through distance means. This document may also be consulted on spot in stations and/or on Europcar website.

The Hire Period will end when You return the Vehicle to the Europcar station and hand the Vehicle keys and the registration documents to a Europcar agent or its representative.

Any return of the Vehicle at an earliest stage than the date and time mentioned on the Rental Agreement shall not give rise to any reimbursement

When You do return the Vehicle to Europcar You must take the opportunity to inspect the Vehicle together with the Europcar agent or its representative and countersign a Vehicle restitution damage report.

Europcar shall give You a document where Europcar declares that the Vehicle was regularly returned to Europcar ("**Statement of Return of the Vehicle**").

Europcar cannot be held liable for eventual property and/or objects You may have forgotten in the Vehicle.

b) "Out-of-hours" return Service

Europcar recommends to return the Vehicle during opening hours of its stations. However, to meet the specific needs of some of its clients, Europcar offers, in certain stations, an additional "out-of-hours" service.

If you opt for this "out of hours" service, you accept that the Vehicle condition report can be drawn by the Europcar agent or its representative without your presence and after the drop off the keys.

In stations offering "out of hours" return services, the above-described procedure (see point 11)-a)) was adapted to enable these stations to offer this service in the best possible conditions.

In particular, you are to declare any incident and/or Damage that affects the conditions of the Vehicle on the document that

will have been hand in to you to that matter when you picked up the Vehicle.

Depending on the available systems and the information that You will have received from Europcar, this document must be leaved into the Vehicle or returned with the keys in the "keys drop off box" provided for that effect.

Please note that your Rental Agreement does not automatically ends when you drop off the keys: the Vehicle will remain on the parking space where you will have parked it until opening of the Europcar station that will proceed to the inspection of the Vehicle and close your Rental Agreement. Therefore, Europcar reminds you that you must park the Vehicle on an area provided for that purpose and in a manner so that the Vehicle is not a danger to others or hamper traffic as aimed by the Highway Code. You must also leave the Vehicle registration papers in the glove box.

Providing that the Vehicle is inspected at a later stage – during opening hours of the station – Europcar recommends you to take photographs of the Vehicle in order to keep evidences of the state of return of the Vehicle once it is parked and before the drop off of the keys.

Once the inspection is made and in the absence of damage, Europcar will send You the Statement of Return of the Vehicle.

Europcar cannot be held liable for eventual property and/or objects You may have forgotten in the Vehicle

c) Return of the Vehicle without your presence and during opening hours of Europcar's station.

If you are unable and/or refuse to inspect the Vehicle together with the Europcar agent or its representative, Europcar is authorised to inspect the Vehicle itself without your presence and to register your refusal of a contradictory inventory.

The same Procedure as the one described above will applied (See 11°-b)).

d) Late return of the Vehicle

In the event that the Vehicle is not returned on the date shown on the Rental Agreement, and if a period of 24 hours elapses without there being any news regarding the delay in its return, Europcar is entitled to:

- regard the Vehicle as having been unlawfully appropriated and shall report this to the competent local authorities;
- charge You the rental charge for each day that You keep the Vehicle beyond the expiry time and date, plus a compensation equal to twice the payable amount, unless You can demonstrate that You have no longer

the disposal of the Vehicle through no fault of your own or that the non-restitution of the Vehicle resulted through no fault of Your own;

- claim to You all the damages and losses suffered by Europcar and all the fines, tolls, penalties or sanctions that falls on the Vehicle as a result of demands issued to it by public administrations for the purpose of identifying the perpetrator or clarifying other circumstances relating to a breach or criminal offence;
- start legal proceedings in order to claim the immediate return of the Vehicle.

Please note that, in such case, protections and additional contractual services would have no effect.

12) DAMAGES TO THE VEHICLE

In case of differences between the state of the Vehicle as described upon check-out and the one identified upon return, you may pay the amount as defined below.

a) Damages identified upon return of the Vehicle and in your presence

If some damages are identified upon return of the Vehicle when the inspection made, in your presence and in the presence of the Europcar agent or its representative, and if You acknowledge the damages by signing the Statement of Return of the Vehicle, Europcar will hand in to You an assessment of repair costs that may be charged to You.

Repair costs vary depending if it is qualified as a Light Damage or not:

- Light Damage (minor insubstantial damage caused to the Vehicle without altering its delivery to the rental and permitting its movement in accordance with the provisions of the Highway Code such as, for instance, without being exhaustive: small scratches; light impacts on windshield), is charged according to the to the Recommended Europcar price list available in any Europcar station and on our website at the following URL address:
https://www.europcar.pt/files/live/sites/Europcar.pt/files/contributed/Docs/PT-LDAS_Matrix.pdf, Light Damage Recommended Prices, which includes vehicle immobilization costs, along with damage administration fees.
- Any other damage not included in the above mentioned Recommended price list and/or other more Serious Damage (substantial Damage impairing the delivery of the Vehicle rentals and requiring its temporary immobilization for repair such as, for instance, without

being exhaustive: damages bodywork) will be evaluated by an expert and charged according to the expert's report or a cost estimation made with an auto repair garage.

If You contest Damages and their invoicing by refusing to sign the statement of return of the Vehicle, Europcar will apply the procedure described below (see article 12)-b).

b) Damages identified in case of an out-of-hours return and without your presence.

If Damages are identified during the inspection of the Vehicle by a Europcar Agent or its representative without your presence, Europcar will send to you the following documents:

- Statement of Return of the Vehicle describing all Damages identified;
- pictures of Damages;
- an estimate (quote) of the costs of repair that will vary depending of the nature of the Damage (see above, article 12)-a) paragraph 2) and the Vehicle immobilization and administration fees for the treatment of the Damage.

You will be able to challenge Damages identified and their invoicing within 14 calendar days after the sending (by email or regular letter) of the documents, at the following address: damages.pt@europcar.com or Rua dos Malhões, nº 2 Piso 3 – Direito, Edifício Q55 - D. Diniz, Quinta da Fonte, 2770-071 Paço de Arcos.

If you fail challenging or justifying within the above mentioned period of 14 days, Europcar reserves the right to invoice you the identified costs.

c) Common rules

Please note that depending upon the Damage suffered by the Vehicle and the type of protection You have subscribed to with Europcar (see the Europcar Insurance & Protections Provisions attached to Your confirmation email or available from all Europcar stations and/or on Europcar's websites) You may or may not be charged for the full or for the partial amount of the cost of repair.

In any case, you will be able to challenge Damages and their invoicing by acting before the competent jurisdictions pursuant to dispositions of article 23 ("*What happens in case of dispute related to my rental?*").

13) WHAT IS EXPECTED OF ME REGARDING THE VEHICLE MAINTENANCE?

During Your rental you must take any protective actions necessary to keep the Vehicle in the same condition as that in which you have taken possession.

You should remain alert to any signal from the warning lights on the Vehicle's dashboard and take any necessary protective actions.

The Vehicle is provided to You with tyres in a condition and number meeting the traffic-legislation requirements. In the event of damage to one of them other than by ordinary wear and tear, latent defect or force majeure, You undertake to replace it immediately at Your own expense with a tyre of the same size, type and brand.

Any modification to or mechanical interventions on the Vehicle are forbidden without Europcar's prior written authorisation. Should this rule be breached, you must bear the duly justified costs of restoring the Vehicle in the same state in which you have taken possession.

You will be liable towards Europcar for any detrimental consequence arising out of any infringement to the abovementioned maintenance obligations.

If You rent an Electric Vehicle, You must also use only the cables supplied by Europcar for recharging. Any recharging carried out with any other cable may engage Your responsibility in the event of damage arising as a result.

If You rent a cable from Europcar that also allows recharging from a domestic socket (additional service), You must ensure that your electrical installation complies with the standards in force and the requirements defined by the car manufacturer before proceeding with any recharging. Failing this, and in the event of damage, You will be held liable.

14) WHAT SHOULD I DO IN CASE OF ACCIDENT, MECHANICAL BREAKDOWN OR THEFT?

- In case of mechanical breakdown or accident which prevents you from continuing your travel and/or obliges you to stop Vehicle to prevent any breakdown, you are provided with an assistance service, included in the price of your rental. The terms of this assistance are set out in Appendix 1 of the present T&Cs;

Your means of payment will be debited by the agreed amount. You will receive an invoice or a receipt for that prepayment. In addition, the prepaid amount will be mentioned on the final invoice and deducted from the eventual total amount (still) to be paid;
- If You decide not to prepay Your rental at booking time, the amount of the deposit plus the rental charges for the Vehicle and any accessories, any additional services or drivers or protections You decide to take out before You take the Vehicle away will be shown on the Rental Agreement that You will have to agree and sign before picking up of the Vehicle. a) Modifications

You can modify Your booking, free of charge, provided You let Europcar know **at least 48 hours before** the rental is due to start.

Please be aware that new rental prices may apply if You modify Your booking and You should always use the same communication channel that You used when booking the Vehicle in the first place. Alternatively, You can call our Call Centre on 21 940 77 90 (price of a local call).

In case of a non-prepaid reservation and in the absence of any payment details provided, you remain liable for the late cancellation fee;
- **No Show** - If you have not cancelled your booking and fail to come to the Europcar station agency to pick up the Vehicle at the time scheduled, a No show fee of up to €95 might be applied. If the price of Your rental is

lower than the No show fee, the No show fee's amount will be equal to the price of Your rental. In case of prepaid booking, the prepaid amount will be refunded less a late cancellation fee. In the event of a non-prepaid reservation, the penalty will be deducted from the mean of payment You have provided. In case of a non-prepaid reservation and in the absence of any payment details provided, you remain liable for the "No show" fee, unless "Force Majeure" (as defined here below) can be proven;

- Under this section, You will not be held responsible in the event of cancellation of the reservation or failure to pick up the Vehicle due to the occurrence of an event of Force Majeure.

Legally, there is Force Majeure when an event beyond Your control, which could not be reasonably foreseen at the time of the conclusion of the contract and whose effects cannot be avoided by appropriate measures, prevents You from executing the rental contract. If You invoke it, it will be up to You to establish that the event actually constitutes a case of Force Majeure.

Please note that strikes, delays or cancellations of Your means of transport (train, plane, etc.) are not considered events of Force Majeure and do not exempt You from additional costs for late cancellation or no show.

17) WHAT IF I WANT TO EXTEND MY RENTAL AGREEMENT?

In case you want to extend the Hire Period shown on Your Rental Agreement You should take the following steps:

- Give a call to the Europcar station of check-out;
- Go to the nearest Europcar station;
- Carry out a check of the Vehicle together with a Europcar agent;

If You don't comply with the above mentioned conditions and keep the Vehicle, the terms of article 11 d) "Late Return of the Vehicle" will apply.

18) WHAT IS THE FUEL POLICY?

You must be aware that rules applicable to fuelling and refuelling depend on the country of rental and the type of rental product You have elected. Please check carefully the rules applicable for every rental You make.

All Vehicles are supplied with a full tank of fuel. The following situations may then arise:

18.1. Thermal and/or hybrid vehicle (as far as the fuel part is concerned)

Two options may then be made available to You:

18.1.1 Full to full

We provide You with a Vehicle with a full tank of fuel. You have to return the Vehicle with a full tank of fuel.

- If You return the Vehicle with a full tank of fuel: You pay nothing for either refueling charge or fuel. To consider the tank is full, the visual level of the gauge will be used as a proof of full tank. The tank is considered full if the fuel is at maximum level.
- If the Vehicle is not returned with a full tank of fuel: You will be charged for the cost of the missing fuel. Please note that the price per liter and fuel type will be communicated by Europcar's agents at the agency when returning the Vehicle.

If more than seven liters are missing when You return, You will be charged for an additional refueling service charge (please refer to the Recommended Tariffs Guide). If less than seven liters are missing when You return, you will not be charged for an additional refueling service charge.

18.1.2 Refundable Full Tank Option

- At pick up You have the possibility to pay for the price of a full tank of fuel, which will depend on the Vehicle category.
- If you return the Vehicle with a full tank of fuel (proof of refuelling may be required) then Europcar will reimburse you the price of the full tank of fuel paid at pick up.

If you return the Vehicle with a fuel tank that is not full to its maximum capacity, Europcar will not reimburse You for any unused fuel.

18.2. Electric and/or plug-in hybrid vehicle (for the Electricity part)

In the case of rental of an electric vehicle, the Vehicle will be returned to you with a minimum charge level of 95% on departure from the rental agency, and no minimum charge level will be required on return of your Vehicle.

If you are renting a Plug-In Hybrid (gasoline/electric) Vehicle, the Vehicle will be returned to you upon departure from the rental agency with a full tank of fuel and a minimum charge level of 80%.

When you return the Vehicle, as regards the fuel, the provisions set out in 1/ above will be applied depending on the option you have chosen.

With regard to electricity, no minimum charge level will be required when you return your Vehicle.

19) MUST I PAY A DEPOSIT BEFORE PICKING UP THE VEHICLE?

When You pick up the Vehicle, You grant a credit card authorization for a deposit.

The deposit is intended to cover additional rental costs.

If You have paid for your rental in advance, the amount of the deposit is:

- €100 for vehicles booked reserved with a protection which reduces the damage excess to €0;
- €300 (or the equivalent in local currency) for passenger tourist vehicles;
- €800 (or the equivalent in local currency) for vehicles booked reserved with Keddy by Europcar.

If You have not already paid for your rental when You made the reservation, the rental cost will also be blocked to your credit card. In this case, the amount blocked to your credit card will be the rental cost plus the deposit amount.

In any case, the final amount is specified in the confirmation email sent to You at the time of your booking and in the Rental Agreement. Please note that for prepaid booking, if You subsequently make additional purchases at the desk, the amount of these additional sales shall be added to the sum of the deposit.

If no additional rental costs are identified, then the deposit will be refunded within the period agreed between You and Your bank.

The deposit shall be executed by You or any authorized driver and You shall use the same credit card that was used by You at the time of the booking.

20) CAN I PAY MY RENTAL WITH A FOREIGN CREDIT CARD?

If You are a foreign hirer holding a Visa or MasterCard credit card (with a base currency other than the Euro) You can benefit from the currency conversion facility into the card's base currency when paying for Your rental. The Europcar agent offering this facility to You will enter Your reply into the system and the Rental Agreement will specify the option chosen. In that

case, Europcar will take care of the currency conversion, using an exchange rate based on the Reuters index, with 3,25% exchange fees.

If You wish to change Your mind, You can do so by making the appropriate declaration when returning the Vehicle to the Europcar counter and will be forwarded Your final invoice in Euros.

If for any technical reason Europcar was to be unable to provide this service or if a You hold a VISA or MasterCard credit opted to pay in Euros, then the conversion into the base currency of the card would be carried out according to the conditions of the Your bank.

I have read and agreed on the T&C,

EUROPCAR INSURANCE AND PROTECTION PROVISIONS

Who we are

We are EUROPCAR INTERNACIONAL – ALUGUER DE AUTOMÓVEIS, SA., a private limited company incorporated in Portugal under company number 500.074.134 and our registered office is at Rua Carlos Alberto Mota Pinto nº 17-2º, 1099-095, in Lisbon (hereinafter “Europcar”). We supply vehicle rental services under the brands of ‘Europcar’ and ‘InterRent’.

Thank you for choosing Europcar to supply your rental vehicle needs. We hope everything will go very smoothly for you but, just in case it doesn’t, we have set out below a summary of:

- insurance that we include as part of our rental service because there is a legal obligation upon us to do so (Third Party Liability insurance); and
- other protection products that we make available to you because we want to be able to give you peace of mind during your rental with us.

These insurance and protection products are designed to cover your potential exposure if any of the following circumstances occur whilst you are renting and using one of our Vehicles. Without them, you will be personally responsible for the financial consequences:

Liability to a Third Party means *other people’s* bodily injury or death and / or damage to their property that occurs because of an accident or incident that you may cause. Damage to a third party’s property could include buildings or their contents, machinery or personal possessions. The cost of any business interruption associated with either the third party’s injury or death and/or the damage to their property will also form part of this liability.

Damage to or theft of the Vehicle the Vehicle itself may be damaged as a result of a collision or an attempted theft and need to be repaired or it may be so badly damaged that it is irreparable and we write it off; or it may be stolen and not recovered.

You should be aware that if you are the driver of the Vehicle at the time of a collision and you are responsible for the collision taking place then whilst any injured Passengers will be covered by our Third Party Liability insurance your own injuries (together with the possible associated consequences of it) or death will not. You can, however, be protected from such circumstances if you purchase any of our Personal Accident Insurance protection separately. Details of how this Personal Accident Insurance protection can benefit both you and your Passengers are available upon request.

DEFINITIONS

For the purposes of this document we have given the following words or expressions a particular meaning:

Abnormal Use means that your use of the Vehicle whilst you are in charge of it doesn’t comply with the Road Traffic laws that prevail and/or does not meet with the requirements of the Local Rental terms and conditions and/or does not meet with the standards of driving that would be expected of a reasonable and prudent driver.

Accident Report means a full and complete signed statement (including any other document(s)) which records all of the facts of an accident or incident as they occurred (for example, how the event occurred, the nature of the damage to the Vehicle, the location where the incident took place, the dates and circumstances and any potential witness details).

Bodily Injury (or bodily injury) means any physical injury suffered by a person that is caused as the direct result of an accident; it is not something that is intentionally self-inflicted and it does not result from sickness or disease.

Book value means the value that a Vehicle is recorded to be worth to us on our books at the time of an incident.

Excess amount is a specified sum of money that, provided you have complied with the Local Rental terms and conditions and have not committed a major breach of any applicable laws, is the maximum amount we will charge you for the cost of any damage caused to the Vehicle during the rental period or its attempted theft; or the loss of a Vehicle if it is written off because it is irreparable or if it is stolen and we do not get it back. The Excess amount is a non-waivable sum that is governed by the conditions of the protection product you have purchased.

Local Rental terms and conditions means the document you will be asked to sign before you may rent any Vehicle from us and which sets out the rights and obligations that will apply to both you and us throughout the rental period.

Loss of Use describes the circumstances where a Vehicle is unavailable for us to rent to another customer because, as a result of it being damaged whilst it is on rent to you, we need to take it off the road to have it repaired.

Passenger means any person *other than the driver* that is being transported or is travelling in or on the Vehicle on a gratuitous basis. A Passenger would be viewed as a Third Party under the mandatory Third Party Liability insurance regimes.

Protection (or protection) in this document applies to the means by which your financial liability for any damage to or loss of a Vehicle is limited to the Excess amount. It should be noted that this protection is not provided by way of an insurance policy.

Third Party means any party to an incident – other than the driver of the Vehicle. For the avoidance of doubt a

Passenger is deemed to be a Third Party.

Third Party Liability insurance means insurance that provides the driver of a Vehicle with protection against liability for another party's claims for damage to his/her property or for bodily injury or death arising out of an incident. Third Party Cover is a mandatory legal requirement and it is therefore an integral part of our rental service. The cost of it is included in the rental charge.

Vehicle means the vehicle you will be renting from us.

We or we/ Us or us / Ours or ours means Europcar Portugal.

You or you / Yours or yours means any named driver.

THIRD PARTY LIABILITY INSURANCE

We are mandated by the laws of all of the countries in which we operate our vehicle rental services to insure our Vehicles against liability for the claims or actions of Third Parties. We have purchased the best Third Party Liability insurance from the foremost insurers in the business and it is automatically included as part of our vehicle rental services. You will therefore, as a matter of course, be covered up to the level legally required by the country in which you are renting the Vehicle for the consequences *others* may suffer as a direct result of your actions whilst you are driving the Vehicle.

What am I covered for?

As provided by law you will be insured against liability for the financial cost of any of the following consequences that may arise as a result of an incident that you cause:

- bodily injury or death suffered by Third Parties; and
- property damage sustained by Third Parties and losses and costs arising as a consequence of the damage.

What is excluded from the cover?

Third Party Liability insurance does not cover:

- bodily injury or death that you (the driver at the time of the collision) may suffer; or
- any damage to or loss of your personal property or possessions; or
- any damage caused to the Vehicle

What is the amount of my financial exposure for Third Party Liability?

Provided you have not committed a breach of any applicable laws (including any relevant road traffic regulations) and you were not making Abnormal Use of the Vehicle then you will be covered up to the level legally required by the country in which you are renting the

Vehicle for the financial cost of any Third Party Liability arising as the result of a collision that you may cause.

However, if you didn't comply with those laws and/or regulations then, whilst our insurer will still fulfil its obligations to Third Parties under the Third Party Liability insurance policy, it may seek to recover from you some or all of the costs it may have paid to that Third Party as a result of the incident.

How to notify us?

In circumstances involving Third Parties it is important that you do your utmost to properly complete and sign an Accident Report form which gives all relevant details of the incident and of the Third Party. This will allow us to defend our case against the Third Party (if you are responsible for the incident) or to recover costs from the Third Party (if the Third Party has caused the damage to the Vehicle). The Accident Report form should be transmitted to us within 5 working days of the incident or as soon as you reasonably can in the circumstances.

PROTECTION PRODUCTS

You will be financially liable for the full cost of the damage if the damage is caused:

- by the willful acts of the driver; or
- by an explosion or fire in or to the Vehicle because you are using it to transport dangerous goods (dangerous goods being *any product or substance that, due to its nature and/or main characteristics, is reasonably considered to be dangerous and which, if not transported with appropriate caution and safety, could cause harm to the Vehicle, and to any Third Party within a reasonable distance of the Vehicle*); or
- by your negligence (*which is behaviour that falls below the standards expected of a reasonably sensible person in similar circumstances*) or the negligence of your Passengers (for example a fire caused by the use or disposal of cigarettes or cigars); or
- if the keys are lost or stolen

The product will not protect either you if:

- the Vehicle is stolen or damaged because of your negligence or more specifically (but without limitation) as a result of keys being left in the Vehicle whilst it is unattended, your failure to use the anti-theft system appropriately, any failure by you to return the keys to us or if you left the Vehicle unlocked when you weren't using it;
- personal and / or work related goods or possessions and any goods being transported in or on the Vehicle are stolen or damaged.

What must I do to benefit from the protection?

You must:

- comply with Local Rental terms and conditions and all applicable law and local traffic regulation

when you are driving the Vehicle,

- In case of accident, notify us within 5 working days of any incident or as soon as you reasonably can in the circumstances. You must also return to us a full and complete signed statement and/or a police statement (if this is appropriate in the circumstances) and/or any other document which records all of the facts as they occurred (for example, how the event occurred, the nature of the damage to the Vehicle, the location where the incident took place, the dates and circumstances and any potential witness details). You may, of course, include any other document you believe will be useful in support of your claim,
- In case of theft, notify the local police of any incident or event immediately or as soon as is reasonably practicable and provide us with the police report or evidence that the theft has been notified to the police.

Notify us within 24 hours of the time you discover the Vehicle is missing and forward the keys to us at the place you picked the Vehicle up.

What is the amount of my financial exposure?

If during your rental the Vehicle is damaged and you have not purchased this protection you will have to pay for the total cost of the damage. We will calculate the cost of light damage from the table matrix that can be found at www.europcar.pt. If the damage is not listed in the table matrix (because it does not fit in with what is considered to be 'light damage') then an independent expert will evaluate the damage cost which may be as much as the full book value.

If, during your rental, the Vehicle is stolen or is damaged in an attempted theft or due to vandalism and you have not purchased this protection product then you will be liable for the full cost of the damage (if the Vehicle is recovered) or for the full book value of the Vehicle if it is not recovered.

However, provided you have complied with the Local Rental terms and conditions and the applicable law and road traffic regulations then the maximum you will have to pay us is the Excess amount.

OTHER PRODUCTS

GLASS, LIGHTS AND TYRE PROTECTION

This protection product will not apply to damage that occurs to glass, lights or tyres as a result of a collision. In these circumstances such damage will be covered by collision damage protection (if you have purchased the collision damage product).

What am I protected against?

If you have purchased this product you will be protected against the financial liability for damage to:

- the windscreen; or any side or rear windows; or lenses (reflection of light) and lights; or rear view mirrors that are in or on the Vehicle if the damage occurs during normal driving conditions unless it arises from any abnormal use (see definition on page 1),
- damage to tyres on the Vehicle unless it arises from any abnormal use (see definition on page 1) you may make of the Vehicle.

What am I not protected against?

You are not protected under this product against the financial liability for damage to the Vehicle if it arises because of willful acts or negligence that you commit whilst using the Vehicle and which causes damage.

Please note that if the glass, lights or tyres are damaged as a result of a collision then collision damage protection will apply instead of this product.

What must I do to benefit from the Protection?

You must:

- purchase it,
- comply with Local Rental terms and conditions, all applicable laws and local traffic regulations when driving the Vehicle,
- notify us within 5 working days of any incident or as soon as is reasonably practicable. You may, of course, include any other document you believe will be useful in support of your claim.

What is the amount of my financial liability?

If during your rental any glass or lights on the Vehicle are broken and / or any tyres on the Vehicle are damaged and you have not purchased this protection, then you will be liable for the full cost of the damage that is incurred by us.

If, however, you purchase this glass, lights and tyre protection (and provided you have complied with the Local Rental terms and conditions and the applicable laws and road traffic regulations) then you will have no financial liability for such damage.

PERSONAL ACCIDENT & BAGGAGE PROTECTION

The following details are for information only and do not replace or supersede the terms and conditions of the AXA Corporate Solutions (PAI n^o XFR0078448GP / SPAI n^o XFR0078449GP) copies of which can be found at www.europcar.pt/personal-accident-protection and www.europcar.pt/super-personal-accident-protection.

Whilst we automatically include Third Party Liability insurance as part of our vehicle rental services (for details of this insurance please see the section above entitled 'Third Party Liability Insurance') this does not cover the bodily injuries suffered by the person driving the Vehicle at the time of a collision which occurs as a result of that driver's actions (an '**at fault**' driver). If you are the cause of a collision whilst you are driving a Vehicle you will therefore not be covered for the financial repercussions of:

- personal bodily injury or death; or
- any damage to or loss of your personal property or possessions.

In order therefore to minimize your financial exposure for such damage, loss or injury in such circumstances we are offering two separate products which you can purchase.

- The first product (**Personal Accident protection**) provides cover for medical expenses incurred as a result of injuries suffered; and /or a lump sum indemnity if you are disabled or you die as a result of a collision (or an accident).
- The second product (**Super-Personal Accident protection**) provides higher and best-in-class protection for medical expenses incurred as a result of injuries suffered; and /or a lump sum indemnity if you are disabled or you die as a result of the collision (or an accident) and in corporate baggage cover as well.

PERSONAL ACCIDENT PROTECTION

What am I covered for?

Under this protection product you can claim for the financial cost of any of the following potential consequences resulting from your death or injury in a collision that occurs when you are driving the Vehicle:

- a lump sum payment of up to a **maximum of €50,000**
 - in the event of your death (or presumption of death) within 24 months of the collision or incident; or
 - if you ultimately remain partially or totally disabled from the consequences of the collision or incident;
- medical expenses of up to a **maximum of €2,500** (which includes hospitalization, consultations and pharmaceutical costs; X-rays and relevant medical tests; dental treatment or any prosthetics) necessitated by the collision or incident.

If you and / or your Passengers are victims of a collision during the rental period then, provided you have purchased the product (in which case the protection will apply to you and all passengers in the Vehicle), a claim can be made against it irrespective of who is at fault. As a result:

- Passengers and a 'not at fault' driver (both of whom are considered to be third parties in the context of the mandatory Third Party Liability insurance regime) can not only be indemnified by the Third Party Liability insurer but can also collect the lump sum indemnity they are entitled to under the Personal Accident protection product;

Passengers travelling with an 'at fault' driver will be considered third parties in the context of the mandatory Third Party Liability insurance regime can be indemnified by the Third Party Liability insurer and can also collect

the lump sum indemnity under the Personal Accident protection product. However, an 'at fault' driver will only be covered by the Personal Accident protection product

What is (mainly) excluded from the cover?

This Personal Accident protection does not cover:

- any of the costs set out above if the expense was not incurred as a direct result of the collision or incident occurring whilst you were in control of the Vehicle or if you intentionally caused or brought about the accident or collision; or
- any costs relating to treatment you were receiving or medical conditions you were suffering from before the accident or incident occurred; or
- any damage to or loss of your personal property or possessions; or
- any damage caused to the Vehicle

A more complete summary of the cover provided by this Personal Accident protection product can be found at www.europcar.pt/personal-accident-protection.

What is the amount of my financial exposure?

Provided you have not committed a breach of any applicable laws (including any relevant road traffic regulations and, in particular, relating to the wearing of seat belts and not exceeding the official passenger capacity of the vehicle – for instance if 7 people are injured in a 5 seater vehicle then the Personal Accident protection will simply not apply at all) then you will be entitled to the protection up to the indemnity limit shown above.

However, if you didn't comply with those laws and/or regulations then our insurer may refuse the cover altogether or, if it can be shown that you were partially responsible for the level of injury you suffered in the collision or incident, it may seek to reduce its liability for the costs.

How to notify us?

It is important that you do your utmost to properly complete and sign an accident Claim Form which will be made available on request. This gives us all relevant details of the incident and will allow us to ensure your claim is being handled as efficiently as possible. The accident Claim form should be transmitted to us within a maximum of 5 working days of the collision or incident.

However, an 'at fault' driver will only be covered by the Personal Accident protection product.

What is (mainly) excluded from the cover?

This Super Personal Accident protection does not cover:

- any of the costs set out above if the expense was not incurred as a direct result of the collision or incident occurring whilst you were in control of the Vehicle or if you intentionally caused or brought about the accident or collision; or
- any costs relating to treatment you were receiving or medical conditions you were suffering from before the accident or incident occurred; or

Provided you have not committed a breach of any applicable laws (including any relevant road traffic regulations and, in particular, relating to the wearing of seat belts and not exceeding the official passenger capacity of the vehicle – for instance if 7 people are injured in a 5 seater vehicle then the Super Personal Accident protection will simply not apply at all) then you will be entitled to the protection up to the indemnity limit shown above.

However, if you didn't comply with those laws and/or regulations then our insurer may refuse the cover altogether or, if it can be shown that you were partially responsible for the level of injury you suffered in the collision or incident, it may seek to reduce its liability for the costs.
